EXPERIENCE

Telluride Film Festival Aug 2023 – Present Prop Designer and Art Department Coordinator Telluride, CO

- Designed, presented, and fabricated props, including marquees, signs, and sculptures, for the opening feed celebration of the 50th annual Telluride Film Festival
- Facilitated communication between fabrication, graphic design, and production management departments in order to create cohesive theming across graphic design, props, and decorations
- Selected to oversee the purchasing of floral arrangements, linens, and decorations and ensure that final costs came in under budget

Godine Family Gallery Mar 2022 – Jun 2024 Gallery Manager and Maintainer, Boston, MA

- Sourced affordable materials and received budget approval from the Massachusetts College of Art and Design budget committee for 15 gallery shows and exhibitions
- Served as the lead artist and creative director for two month long shows, The Greenhouse Lounge and Meditative Undulations
- Aided over 20 artists through the installation and deinstallation of their shows and refined their ideas to guarantee that they optimally matched the space and targeted audience
- Maintained a consistent presence on social media to update the Boston arts community on the happenings and opportunities at the gallery

Eventworks May 2023 – Jun 2024 Creative Director and Lead Producer Boston, MA

- Collaborated with graphic designers, audio/visual/lighting technicians, and administrative assistants, in order to produce immersive events at Massachusetts College of Art and Design for students in the Boston area
- Spearheaded a schoolwide month-long skillshare by promoting communication between all majors in order to foster and cultivate respectful relationships between students
- Raised funds for the eventworks team by creating and advertising collectable merchandise themed for each event

J.P. Licks Mission Hill May 2021 – Present Assistant Manager Roxbury, MA

- Provided outstanding customer service by maintaining a respectful attitude and sharing robust knowledge of the stores offerings to help customers make informed decisions
- Decreased labor costs by creating efficient systems and solutions for employees in order to maximize the productivity of a single shift
- Inventoried and ordered over 200 products weekly, and made adjustments to the product pars based on consumer demand
